Textbooks

This guide will show you how to find and check out textbooks.

1. Locate the “Textbook Lookup” page.

You can find a link on the right side of the library’s homepage, under “Quick Links.”

Please note that we only hold copies of **required** undergraduate textbooks and a small number of graduate textbooks.

2. Find your book.

Textbooks are listed in alphabetical order of course prefix, but you can also use the search bar to search by the name of your course, your professor’s name, or the title of the textbook.

3. Check out books.

Write down the call number of the book (the string of letters and numbers listed under the title) and provide it to the worker at the circulation desk. You can then check out the book to use in the library only, for up to 2 hours. Make sure to return the book on time to avoid fines.

If the book you need is currently checked out, you can monitor the “Is it checked out?” link to see if the book is currently available. Please note that you cannot request or reserve textbooks.

Questions? Email the Research Help Office at rho@iit.edu or call 312-567-3616.
